

AJB | Electrical Solutions

Hindhead

Surrey

GU26 6QP

Dear Sir/madam

I would like to take this opportunity to introduce myself and my business to you.

My name is Ben Wade and I am a local resident here in Beacon Hill and have been for 24 years. I am the sole proprietor of **AJB|Electrical Solutions**, a domestic and light industrial electrical installation company and PAT testing facility. We carry out all types of domestic electrical work, ranging from simple electrical repairs, to full house re-wires and complete all certification and testing post works completion.

I have taken this opportunity to introduce myself and my company, to make an acquaintance with the residents of this wonderful village and to say hello to those who already know me.

If you could be so kind to look through this information package that provides current offers I am running and some information on Periodic inspection, I would be most grateful.

It is fundamental policy to provide the fairest and most accurate quotations possible on all aspects of work I carry out, as my customer's best interests are primarily my best interests.

For the next 6 months I shall be running what I call "The Village People" scheme, where all works carried out within the Hindhead catchment will be done at a discounted price of **£25 per hour** and any work I receive as a result of a referral from a past client shall be rewarded with **a £20 M&S voucher**.

I very much look forward to hearing from you in the future.

Kindest regards,

You're local Electrician – **Ben Wade**
