

Connection Diagram - KG20/KG32 T104/D-P003 KL51V & KG41 T104/D-P003 KL11V

For use with a single PV string

Connection details & modifications required for use with 2 PV strings

For top/bottom cable entry

Modifications required:-

Remove wire links between L1-L2 & L3-N

Switch Type	2 String – Operational Voltage/Current Per String – DC-21B Util. Cat.			
	280V DC	340V DC	400V DC	460V DC
KG20 T104	21A	20A	18A	11A
KG32 T104	28A	25A	23A	15A
KG41 T104	28A	25A	23A	10A

Rating data based on maximum enclosed ambient temperature of 50°C
